

ORGANISATION OF PHARMACEUTICAL PRODUCERS OF INDIA

OPPI Best Vendor Award 2003

Citation

OPPI is pleased to recognise and honour

Farmson Analgesics

For their outstanding performance in the category of

Raw Material Suppliers

M/s. Farmson Analgesics which was incorporated in 1969 is a pioneer and leading manufacturer of Paracetamol with a production capacity of 5000 TPA having emerged as one of the largest exporters to more than 23 countries, including USA and Europe.

Farmson's unique combination of high volume capability, cutting edge technology, single product focus and abundance of expertise has enabled it to achieve a position of leadership in the Indian Bulk Drug Industry as a responsive company that offers value and service through its product and contributing to good health in society.

Farmson places intrinsic faith in their people, products and technology, thereby achieving excellence through total employee involvement in meeting customer expectations of quality and service. It is ingrained in everything they do and reflects their total commitment to delight their customers. Their commitment to environment protection, pollution control and community welfare is exemplary.
